

General Investment Account Key Features and Terms & Conditions

What is the purpose of this document?

This document provides you with the Key Features and Terms & Conditions of the True Potential Investments' (TPI) General Investment Account (GIA) and should be read in conjunction with the:

- Discretionary Management Service Agreement;
- TPI Dealing and Custody Service Agreement;
- True Potential Portfolio Factsheet;
- Personal Illustration; and
- Best Execution Policy.

These documents are designed to provide you with enough information to enable you to decide whether opening a TPI GIA is right for you. You should read these documents carefully and keep them in a safe place.

For the purposes of this document "we" or "us" refers to True Potential Investments LLP.

Section A - Key Features

This section gives you the main points about our TPI GIA.

The Firm and Our Services

True Potential was launched in 2007 with the aim of revolutionising the way wealth management is delivered. We believe that by using technology to deliver financial services, we empower clients to take control of their financial futures. In order to achieve this aim, TPI has become a regulated platform operator, investment manager, custodian, pension operator and administrator and we own our own platform (True Potential Wealth Platform).

Who Regulates Us

We are authorised and regulated by the Financial Conduct Authority. Their address 12 Endeavour Square, London, E20 1JN. Our firm reference number is FRN 527444

What questions should I ask before I invest?

This document gives you the answers to some very important questions. These are set out on the following pages and will help you decide whether our TPI GIA is suitable for you.

Aims of our TPI GIA

- To give you the opportunity to invest a sum of money into a range of investments through the True Potential Portfolios discretionary managed service with the aim of increasing the value of your investment;
- To allow you to make one-off or regular payments or contributions;
- To allow you to transfer an existing GIA into the TPI GIA; and
- To allow you to take one-off or regular withdrawals.

Your commitment

- You must take care to read all of the relevant literature and information provided to you;
- You will pay the associated fees and charges, as set out in the Fees and Charges section;
- You will make at least one payment into your TPI GIA to open the account;
- You can only open and hold a TPI GIA on the True Potential Wealth Platform;
- Where instructions are placed online via your account, the True Potential Wealth Platform will take in good faith that you placed them personally. You must keep your unique login details secure; and
- Before opening a TPI GIA, consider whether you have sufficient experience of investing and decide whether you are prepared to be responsible for the investment decisions you make.

Main risk factors

- With investing, your capital is at risk;
- Investments can fluctuate in value and you may get back less than you invest;
- What you get back will depend on future performance, nothing is guaranteed. Past performance is no guarantee of future performance;
- The charges outlined below may increase;
- Your investments may grow less than illustrated;
- Tax rules can change at any time;
- If you transfer from another GIA the benefits may not be comparable; and
- If you cancel and your investments have fallen in value, you will not get back the full amount you invested or transferred.

True Potential Investor does not offer or provide advice. If you need financial advice, then you should consult a qualified professional financial adviser.

Fees & Charges

Fee	Amount	Frequency
Platform Fee	0.40% of the value of your investments per year	Monthly
CHAPs Fee	£15 per CHAPS transfer	One-off when you request a payment by CHAPS. Note there is no charge for a BACS payment.

Fees are taken from cash holdings (you may have some cash if, for example, you have received a dividend very recently), if there is not a sufficient cash balance on your account to cover the fee, the remainder will be raised by selling units from the largest fund holding.

TPI calculate the fee daily based on the value of the Investments held in your portfolio at the close of business and then collect fees automatically from your investments once a month.

The Platform Fee of 0.40% covers:

- Administration of investments;
- Custodian service;
- Safekeeping of your assets;
- 24/7 access to your account; and
- Live chat, email and telephone support.

In addition to the above, there will be costs and charges related to the underlying investments. Please refer to your Portfolio Factsheet or Fund Factsheet and Personalised Illustration document for further details.

As the Platform Fee is charged as a percentage of your investment, the amount that you will pay will vary based on the value of your investment.

1. Important information about your investment

1.1 About the True Potential Wealth Platform

The True Potential Platform is a collection of services and tools that you use to arrange, manage, and track your investments easily. The platform holds circa 3,000 investment funds which, depending on your circumstances, could be used to achieve your investment objective. The True Potential platform has been in operation from 2011 and we have a great deal of experience in helping people access and manage their investments effectively. The platform is designed to enable clients to manage their investments more easily; and either through an intermediary or directly (where appropriate), you can instruct us to buy, sell and switch your investments.

If you have existing investments with other providers you can arrange to transfer these to the True Potential Wealth Platform, through your personal Client Site. If you wish to withdraw money from your account, you can request this by sending a secure message to our support team through your online account.

You will receive a contract note for every transaction that takes place on your account and you can also view the value of your investments 24 hours a day on your personal Client Site. You may also receive other statements such as tax statements and these are available on your personal Client Site for reference. Your ability to cancel depends on your product specific terms and conditions.

1.2 Your Application

The Application is for the establishment of your TPI GIA and, as such, must satisfy the requirements set out.

- We cannot open an account for you without an online application, subject to passing our identity verification checks;
- Your application won't proceed if your identity and address certifications are incomplete;
- You will inform us of your current Tax Residency and will keep us informed if your Tax Residency changes;
- Investments within your TPI GIA are held in the name of True Potential Nominee Limited, which is the nominee company we use in our capacity as Custodian but will always remain in your beneficial ownership and will not be lent to third parties or used as security for loans;
- We rely on the information and declarations contained in your application in considering whether or not to hold your investments. If it comes to light that any of this information or these declarations are false or misleading in any material way, we reserve the right to amend or terminate your investments;
- We reserve the right to request supplementary documents from you at any point during the term of your investments being held without giving any reasons; and
- We reserve the right to reject all or any of your application for any reason, at our discretion.

1.3 Retail clients

Our policy is to treat most as Retail Clients in order that they receive the fullest regulatory protections and avenues of recourse available. If this status does not apply to you, you can inform us of your correct status in writing.

1.4 Fees & charges

See Section A – Key Features for the charges applicable to your TPI GIA. There is a more detailed description of the charges in your Portfolio Factsheet and Personal Illustration.

1.5 Carrying out transactions in your True Potential Investor account

1.5.1 Form of instructions

We will only act on instructions from you as communicated through your True Potential Investor Account. If we receive an instruction from a third party, for example another financial services provider, we will always require your approval before acting on that instruction.

Where you fail to provide the information required, or fail to comply with these terms, or where the instruction in question is otherwise incomplete or ambiguous, we shall be entitled, at our discretion, to:

- Delay the acceptance of the instruction whilst we seek clarification from you or, in the case of a cash transfer instruction, identify the True Potential Portfolio in question;
- Reject the instruction; or
- Execute the instruction in respect of the investment, or such class or designation of the investment, which appears to be the closest to the True Potential Portfolio described in your instruction, without liability to you for any loss which you may incur as a result.

Where you request that we cancel an instruction, prior to completion of the transaction in question, we will use reasonable steps to cancel the instruction. However, if we are unable to cancel the instruction in question, we shall have no liability.

In accordance with the rights afforded to TPI under the terms set out in the TPI Dealing and Custody Service Agreement, TPI as Custodian reserves the right to sell or realise in any other manner (including liquidation) any investment allocated to your account which we consider to be prejudicial to the operation, tax or regulatory status or integrity of your account.

In exercising the rights above, we will consider, amongst other things:

- any current or proposed legal, regulatory or other official requirements applicable to the operation of the account;
- whether the relevant True Potential Portfolio has become valueless; and
- whether the relevant True Potential Portfolio is, directly or indirectly, contrary to these Terms & Conditions, contrary to public policy (for example, where it is in a company whose activities are regarded by us as being illegal), or unethical or otherwise or a nature that may be of detriment to our reputation.

Where TPI invests, divests or modifies your holding at any time in accordance with the rights afforded to them under the terms of the Discretionary Management Service Agreement, you will be deemed to have given TPI as Custodian an instruction to execute on your behalf. The details of an instruction, which we have received and accepted, will be set out in your True Potential Investor account as well as a contract note, which will be available online through your True Potential Investor Client Site.

1.5.2 Withdrawal instructions

You can elect, by way of a valid instruction, to have withdrawals paid to your Nominated Account on a single or regular basis, subject to any applicable contractual, legal or regulatory restrictions and to such Instruction being for no less than any minimum that might apply.

Payments of regular withdrawals will be made:

- Monthly, quarterly, biannually or annually; and
- On the 1st of the month (or, where this is not a Banking Day, the immediately preceding Banking Day).

All withdrawals are subject to a right of set-off against any monies which you owe to us, but which remain unpaid at the time in question.

1.5.3 Instruction conditions

- Instructions for cash withdrawals will only be paid by direct credit to the Nominated Account linked to your account;
- All instructions are deemed to be inclusive of costs, expenses and charges unless expressly notified otherwise by us; and
- You are prohibited from giving any instructions if, at the time in question, you are situated in the USA.

1.5.4 Variation to normal business hours in December

Notwithstanding anything to the contrary in these Terms & Conditions, our offices will close at 12pm on the Business Day immediately before Christmas Day and on the Business Day immediately before New Years' Day.

1.6 Cash

1.6.1 Cash deposit instructions and cleared funds

Where the balance of cash falls to £0, we may, at our discretion, sell investments in your TPI GIA to a value equal to or as near as possible (rounding up) to the value of any withdrawals for which we have instructions to settle within 10 working days of the sale date, subject additionally to the minimum investment sale.

1.6.2 Interest

Where your TPI GIA has a cash balance, we will credit it with cash interest each month if applicable. The interest applied is calculated by taking the Gross amount of interest periodically received from the financial institutions which have custody of our client account monies and then applying this in proportion to each client's average daily cash balance over the same period.

1.6.3 Use of cash

Cash will be used to debit from you:

- The amount of any payments made to our client money bank account in respect of which we have received an instruction from you;
- The amount of Our Wealth Platform charges payable; and
- Any other applicable charges which may be due from time to time.

To credit to you as new cash:

- Cash deposits which you make from time to time;
- The proceeds of sale of True Potential Portfolios in respect of the TPI GIA (net of all costs, charges, fees, expenses, duties or other liabilities in connection with such sales);
- Income (including, without limitation, dividends) received in respect of Investments allocated to the TPI GIA; and
- Interest, in accordance with the provisions set out previously; and where it is not permissible by law and/or regulation to debit or credit such amounts from, or to the cash balance of the TPI GIA in question, or where we from time to time consider such debit or credit of cash would be prejudicial to the operation of the TPI GIA or to the tax or regulatory status or integrity of the TPI GIA, we will make such debits and/or credits from and/or to your cash account instead.

1.6.4 Settlement

Where a transaction relating to Customer Assets is due to take place on a particular date, we may record it as happening on that date, even if there is a delay. However, if the problem is not resolved promptly, we may adjust our records to show that the transaction did not in fact take place.

1.6.5 Cash held in your account

The Cash within your TPI GIA is held in an interest-bearing, client money account at The Royal Bank of Scotland PLC and these accounts are operated in accordance with the client money rules of the FCA.

Any income accruing to the investments held within your TPI GIA will be credited to your account usually on a gross basis.

1.7 Electronic Documentation

By agreeing to these Terms & Conditions you, agree to all your documents relevant to your transactions (Contract Notes, Statements and Custody Statements, etc.) being placed electronically within your True Potential Investor Client Site.

Should you require paper copies of documentation please contact us in writing at:

Generally, the manner in which accounts are closed will be for the investments to be:

- Encashed and the net sale proceeds paid to your bank account by BACS transfer;
- Encashed and the net sale proceeds to be transferred to another GIA provider;
- Transferred in specie (if available) to another GIA provider; or
- Transferred to another True Potential Investor account.

We will follow your instruction to the extent that it complies with these Terms & Conditions and does not breach any legal or regulatory restrictions.

There will be no charge incurred for closing an account.

Immediately prior to the withdrawal or transfer of cash and/or Investments, we will first deduct all costs, charges, fees, expenses, taxes, levies or other liability of whatever description which have accrued in respect of the TPI GIA in or before the date of the transfer or withdrawal and which are calculated but have not yet been paid.

Notwithstanding the closure of your TPI GIA, you will remain liable for any, costs, charges, fees, expenses, or other liability of whatever description which have accrued in respect of your TPI GIA prior to the date of such transfer or withdrawal but which have not been so deducted until such time as they are paid in full by you.

1.8.2 Closure by us

We are entitled to close your TPI GIA where:

- You have failed within a reasonable timeframe to provide any documentation we have requested from you in order that we can fulfil our regulatory or statutory obligations (including, but not limited to, the failure to provide suitable evidence to enable you to verify your identity in accordance with anti-money laundering rules and regulations in force); or
- We are obliged or instructed to do so by the terms of a Court Order.

During the period from the date of the notice of closure and the date on which the final cash is returned to your GIA provider or deposited in to your Nominated Account(s), your TPI GIA will be frozen.

Where the balance of your Cash within the TPI GIA cannot be returned to your GIA provider or transferred to your Nominated Account due to a legal or regulatory restriction, we will accept your instruction as to where to transfer this balance to, provided that the instruction does not breach any legal or regulatory restriction.

We will not be liable to you for any, costs, charges, fees, expenses, taxes, levies or other liability of whatever description which are triggered, accrued or crystallised by the closure of your TPI GIA.

- a) Execute actions on your behalf which may be reasonably required to enable us to execute a transaction on your behalf;
- b) Hold your account(s) and undertake any necessary custodial, settlement or administrative steps in order to administer that account;
- c) Transfer cash or investments, which we hold on your behalf, in connection with the settlement of transactions;
- d) Select trading venues to effect transactions on your behalf (for further details of this please refer to our Best Execution Policy);
- e) Amend, negotiate, execute or otherwise bring into effect all such relevant agreements in the name of or on behalf of you; and
- f) Take any other action (inclusive of, and without limitation, day to day decisions) that we reasonably consider to be necessary or desirable under these Terms and Conditions.

In order for TPI to carry out our services under these Terms, you will execute and deliver any authorisations and documents as may be reasonably necessary.

We will not:

- Provide investment or tax advice; or
- Assess the suitability of the TPI GIA.

1.9.1 Our Wealth Platform

A 'Wealth Platform' is a place where a variety of different investment related processes and activities can be conveniently carried out. Our Wealth Platform is where the True Potential Portfolios are placed, held and managed.

TPI is responsible for the Client Money Bank Accounts ("Client Money Accounts"). These accounts are used for the administration of any cash received and paid to you for the purposes of investments.

When we place trades for you, they are placed in the name of True Potential Nominee Limited on behalf of TPI. Once the transactions have been completed, the assets are held in the name of True Potential Nominee Limited on the behalf of TPI.

1.9.2 Safe custody of assets

All client custody accounts are operated in accordance with the applicable FCA Regulations. Under the applicable regulations, we are required, amongst other things to "make adequate arrangements so as to safeguard clients' ownership rights and to prevent the use of safe custody assets belonging to a client on the firm's own account".

We have procedures in place designed to meet the following obligations:

- Records and accounts are kept as necessary to enable us to distinguish safe custody assets held for one client from the safe custody assets held for any other client and from our own applicable assets; and
- Reconciliations are made to our own internal accounts and records and those of any third parties with whom safe custody assets are held (i.e. Sub- Custodians).

We may appoint the use of a third party Sub-Custodian to administer and hold certain asset types. In appointing such a party, all client assets may be held in an omnibus position by the third party Sub-Custodian. This means that certain securities may therefore be registered collectively in the same name for all of our clients therefore your individual entitlements may not be identifiable by separate certificates or other physical documents of title.

We shall have responsibility for any matters properly relating to your assets including, without limitation, the safekeeping of your investments and the settlement or clearing of your transactions.

1.9.3 Cash deposits and client money

All client cash deposits and redemption proceeds are held in a client money bank account at The Royal Bank of Scotland Plc. All the client money accounts are operated in accordance with the applicable FCA Client Money Rules.

We have made arrangements to ensure that all client money bank accounts are segregated from our own assets and the name of the client money accounts also makes it clear that the assets held within the account are for the benefit of clients and not ourselves. Whilst the client money accounts are currently held at The Royal Bank of Scotland Plc, client money accounts can be opened with other authorised banks held inside and outside the EEA in accordance with FCA client money rules.

We regularly review our policy for the selection of banks; with the security of client's money being the primary consideration. All client money bank accounts are pooled meaning that they are held together with other client assets held for us (i.e. they do not have an individual client money bank account for each client). However, we are at all times able to distinguish between the assets held for one client and the assets held for another client. In the event of a failure of the bank where it is unable to meet any of its liabilities, compensation may be available under the Financial Services Compensation Scheme (FSCS).

Full details of the arrangements under the FSCS are available on their website at www.fscs.org.uk.

2. Communications with you

We will rely on any communication, which we reasonably believe to have been made by you. We have appropriately strict security procedures in place to help protect your account and to verify your identity, so you will be required to honour any instruction made by you or on your behalf and you will be responsible for expenses incurred.

You are responsible for providing us with correct and up to date contact details, including your postal and email address. If you change your postal or email address in the future, please tell us immediately.

Our main form of communication with you will be through your online account and by email to the address you have provided. When we write to you by post we will do so by standard class mail (or on request, we can send it by registered post at your expense).

Provided that we send you correspondence to the email address and/or postal address you have provided, we will not be deemed to have failed in any duty of privacy, nor be liable for any losses, costs or expenses which may arise from a third party intercepting the communications.

Please note that all communications made by us will be made in English.

3. Best Execution Policy

All orders are transmitted in a timely manner as covered in our Best Execution Policy and we are responsible for the transmission of these instructions on your behalf. Our own processes for aggregating orders can sometimes act to your disadvantage. Where that happens, both parties will always put you back in the position you would have been had the disadvantage not been suffered.

Notwithstanding the foregoing, nothing in the provisions of the above terms operate so as to limit liability for death, personal injury, gross negligence, wilful default, or any other liability in respect of which limitation is prevented by law.

TPI shall not be liable for any default of any counterparty, bank, sub-custodian or other entity which hold money or investments on behalf of you or with whom transactions are conducted by you. TPI shall not be liable to you for any losses incurred by you as the acts or omissions of the custodian, except where such losses are caused by its negligence, wilful default or dishonesty.

4.1 Steps TPI will take to recover losses/damages caused by a third party

TPI will take commercially reasonable steps to recover any losses or damages arising in connection to your assets where caused by the negligence, fraud or wilful default of a third party, but TPI cannot guarantee that it will be able to do so. Other than in relation to third parties whom TPI has appointed directly, TPI is entitled to be reimbursed for its reasonable costs and expenses incurred in taking such steps.

5. Conflicts of interest

Conflicts may arise in the course of our services. Accordingly, we maintain and operate effective arrangements to enable us to take all reasonable steps to identify conflicts of interest between you and us, or between you and another client, in order to ensure fair treatment. In determining what steps are reasonable, we will take into consideration the level of risk that the conflict may constitute to your interest together with its nature and materiality. We will notify you of any such conflicts identified which may entail a material risk to your interests. A copy of our Conflicts of Interest Policy is available on request.
